

A note to our customers about COVID-19 and our COVID Aware Because We Care Designation

Please know that we are doing the following:

- ♥ Adhering to the guidelines set forth by the Federal, State, and local health organizations to help stop and slow the spread
- ♥ More time spent cleaning and disinfecting our place of business
- ♥ Following best practices in social distancing
- ♥ We mandate that our employees wear a mask and strongly recommend, if not mandate, that customers wear them.

**Thank you for understanding that we love our businesses,
our residents and our visitors and want to do
our best to keep them safe.**
